DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF MACHADO, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

In everything that you do, place the power and action of the Divine Mercy.

Wherever you go, take within you the graces you have received so that all beings, through you, may know peace.

In your words, manifest the power and the Gift of the Divine Mercy and tell your brothers and sisters only those things that the Creator, full of Mercy, would pronounce to His children.

Look at your fellow being with a look of Mercy and feel for each being the love that is born in the Heart of God when He is before His creatures.

Aspire, child, every day, to be an instrument and a vehicle of Mercy. Thus, you will make worthy your existence and the sacrifice that God lived for you, on the Cross and in the Calvary of this world.

Allow for the Blood shed on the Cross to convert your most profound human condition and transform you into a being full of Mercy.

I bless you at this time and pouring on you the graces that come from God, I ask you: plea for Mercy but, above all, let your heart be the Mercy of Christ itself.

Your Father and Friend,

The most Chaste Saint Joseph
