DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Within this beginning cycle, child, deepen your vision of life so that you may move away from human superficialities and take a step toward the Truth of God.

Contemplate the world around you, the cities, the families, the lands, the Kingdoms of Nature and seek the essence of life in the depths of each.

Know that the nations exist for a purpose, the cultures exist for a purpose, beings, the Kingdoms of Nature, nothing was created by chance. Everything was manifested through a divine thought, that brought a goal with it and which collaborates in the evolution of all beings.

Each expression of life on Earth, such as the groups of consciousnesses of a specific nation, their geographic space, their culture, began with the Thought of God, which carried the Divine purpose with It.

Throughout the centuries, the deviation of beings from their evolution also caused the nations, the cultures and even the Kingdoms of Nature to deviate from their evolutionary purpose.

In this new cycle, with your thought, with your prayers and with your respect for life, begin to attract this perfect principle, manifested by God, that has remained hidden both in beings and in life.

In spite of that still being a mystery to you, and that you do not know what each being, each nation or culture is to express, simply pray, child, and ask the Father for His Thought to express inside of life, through His creatures.

Respect each being as well as each nation as bearers of the divine presence, carriers of the Thought of God. After you respect, you learn to love, and love will be the key that will open the inner worlds and reveal to the beings the truth about themselves, the truth about life.

Your Father and Friend,

The Most Chaste Saint Joseph
