**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

May joy prevail in your lives in the presence of the changes. Today I invite you to interpenetrate yourselves with the universe of prayer so that you may learn inside this school to feel the sacred words of the daily prayer.

Remember, dear children, that while a great part of the world does not pray to the Celestial God, it is up to all of My children who are more conscious to multiply in their lives the exercise of prayer. In this way, My little ones, the world will be able to change its spiritual situation through the wise exercise of prayer that each of My praying soldiers must carry out day by day.

Let the inexhaustible source of Graces spring so that your lives may be permeated by the supreme Love of God.

Today I also invite you to remember the presence of the Angels of the Lord on this Earth. For this, reverence and love for each one of Them will allow you to maintain a true communion with My Son, because the holy angels, in their obedience, will also lead you to the Heart of the Living Christ.

Therefore, dear children, through the power of prayer, embrace the flame of eternal peace that the angels bring to Earth. Each angel has a mission to lead humanity towards Redemption.

My children, take your hearts to the presence of My Heart so that you may recognize God the Father in each one of you.

Thank you for responding to My call.

Light for the lives of My children.

Mary, Mother of the Divine Conception of the Trinity
