DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

The greater the chaos and disorder on Earth, within the nations and in humankind, the more your heart and mind should be in God.

Remove your heart and mind from worldly things, not to be indifferent before what happens in the world, but so that you may be a point of equilibrium for the Earth and so that your consciousness, united to God, may constantly be generating peace and attracting the Grace of God to the world.

Know that the greater the planetary tension, the more beings seek refuge not to face what happens in the world; this is part of the human condition. In this time, it is quite easy to be distracted from the Divine Purpose and to go toward paths that make beings forget their mission and the Divine Will, which they have come to fulfill.

The minds flee renunciation and sacrifice because they do not want to withstand their own transformation and their own spiritual maturation. But you, child, are called to live something different, on behalf of all humanity.

You are the self-summoned of these times who, in the multitude of humanity, raised your hands to commit yourself to the Will and to the Plan of God, and this is the culminating moment to confirm yourself in this Will. This is the moment to forge within you this consciousness, which will face the transition of times and that will be a reference for those who will be blind and lost in this world.

Therefore, silence your mind and seek God in prayer. Embrace with love the renunciations and sacrifices that He offers, embrace with love what contradicts your own will in order to build the Divine Will, and let yourself be molded by this Universal and Celestial Purpose.

Enter spiritually for forty days into the desert of your heart because, after that, it will be enough for you to carry the cross of the end of times and to give everything out of love for God and for life.

Your Father and Friend,

The Most Chaste Saint Joseph
