**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

Let us celebrate today the presence of My Immaculate Heart in the world. Today unite your hearts in fraternity so that My Merciful Light may reign among them. Today make a vow with Me to help Me through the most holy prayer so that My Heart may triumph in the hearts that I seek, day by day, among families, peoples and nations.

Carry in your hearts the presence of your guardian angel so that they may guide you along the paths to the Lord. I need your hearts, My little ones, in order to alleviate the world in pain and especially to give love to those who are distant from the Lord. I am bringing the Good News from the Heavens and I wait for you all to submerge yourselves in the Kingdom of My Peace so that I may accompany you in your steps.

Let us remember the efforts that your hearts should make for love of your brothers and sisters, those who do not know love and who are distant from it. In this way, My dear ones, My Heart of Love and of Mother will be able to radiate to the children that I want to reach through you.

Remember the works of charity; they are pleasing to Our Lord because they give redemption and healing to the creatures.

Who loves you,

Mary, Mother of the Divine Conception of the Trinity
