DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Each new year, in which the victory and the triumph of the Passion of Your Master and Lord are celebrated, the forces contrary to evolution that are governing the planet are frightened by the approach of the Cosmic Light of Christ.

It is during these decisive days that the hells of the Earth feel oppressed and blocked by the descent of the Divine Light through Christ.

Various contrary actions and movements are carried forward by My adversary, as the hour of his judgment is approaching, and nevermore will he deceitfully escape again.

Thus the Higher Universes are moved by the impulses that emanate from the Source and a kind of universal defeat is established through the merits attained by the Love of Christ.

Everything contrary that happens will be a reflection of this imminent defeat that the Archangel Michael will carry forward to close the uncertain spaces.

While you remain in prayer and in vigil, you will be protected and sheltered from all danger.

For this reason, I come to ask the prayerful beings that for the first time, during this coming Sacred Week of 2019, you transmit through the channel "Praying for Peace", the "Spiritual Trilogy of Prayer, Devotion and Contemplation", in order to support and protect everything that Your Master will carry forward during the eight days of the Sacred Week.

I thank you for accompanying Me!

Who blesses you,

Your Master and Lord, Christ Jesus
