**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

A humble heart, donated to the Divine Purpose of the Lord is a heart that is in the great flock of souls of Christ, since it is a heart that does not decide by itself because it is permeated by a Divine Will. This is the same Will that filled the depths of My Heart when I was on the Earth.

My dear ones, to follow the Purpose, you must love the Divine Will beyond the human will. The human will, not merged with God, has provoked in humanity miseries, wars, separation, loss of precious souls and loss of hearts.

Therefore, My little ones, I come from Heaven in order to make known the Kingdom of My Peace that is radiated by an Infinite Will. So that the heart may be redeemed, it is necessary to love the transformation of the soul that the Infinite Will is sending to each life.

The first step of the pilgrim soul is to renounce itself; this will liberate it from belonging to the will that made people lose Light in the world. Love the unknown Will so that the Doors of the Heavens may show the next path to follow in the pathway of life. For this, My dear ones, remember that everything is achieved through prayer that is done with love and for love of the souls that need the Light of God.

Today I invite you to remember the moment in which My Son, Christ, lived the Will of the Lord, accepting to drink the chalice of sacrifice, that the Lord of the Heights gave to Him.

What allowed the Purpose of God to be fulfilled in the Master? It was the complete trust in the Love that Our Lord has for every creature. Therefore, little ones, convert your hearts in Faith so that the paths may be invaded by the Unfathomable Mercy of God.

God loves you. God guides you. God shows you the exit. In the Immaculate Love,

Mary, Mother of the Divine Conception of the Trinity
