**MESSAGE FOR THE APPARITION IN THE CITY OF RECIFE, PERNAMBUCO, BRAZIL**  
TRANSMITTED BY THE HOLIEST MOTHER OF GOD TO THE VISIONARY FRIAR ELÍAS

Dear children of the Northeast, praised be Jesus in your hearts!

Thank you, dear children, for opening the doors to My Immaculate Heart because in this way many souls will be touched by the presence of God in their lives. I thank you for receiving My visionaries internally because in all work, these abnegated efforts that My pilgrim children do to follow My plans of Peace through the world count a lot.

Today I gather you, as I had announced in the month of March this year, to compassionately bless all of My children in this region of the Northeast. Today, I especially come here to gather you in the name of Christ and to renovate you in the commitment with the Plan of God.

By devotion to My Immaculate Heart you will be able to approach the Heart of My Son.

Dear children, may the joy of My Heart for being with you be able to radiate itself during this day in your souls with the aim of encouraging you to fulfill the plans of the Father as servers of the Earth.

Dear children, let us pray so that in this day the Grace of the Father that comes from Heaven may be able to reach the hearts of all of My children from the State of Pernambuco.

Let us pray so that the Holy Spirit of God may gather you in the name of My Son and the works of charity and of prayer necessary for the conversion of humanity may be accomplished.

Let us pray together, My dear children, so that the Mercy of Jesus may reach those who have separated and distanced themselves from the Love of God.

Let us pray so that the youngsters, children and teenagers of Pernambuco may be guided by the Shepherd of Love, by the Mercy of Christ.

Let us pray united so that the work of My Immaculate Heart may be carried forward here in Pernambuco through the solidarity and fraternal spirit of the Network of Light.

May you, as instruments of My Son, be able to diffuse the importance of walking in prayer and of living in fraternity because many of My children must approach the Creator Father.

My children, may this day of encounter with Me be the beginning of the strengthening for service in prayer, in service and in instruction for those who need to pray, of those children who need to be assisted and of those children of Mine who need to be instructed, as My Son has taught you in His parables.

Dear children, for the Grace of My visit that today your hearts will receive, each day unite yourselves in prayer and in service to the most needy because My Son is already making Me gather His new apostles of the heart.

I thank all of My children from the Northeast of Brazil for answering to My maternal call!

Who blesses you in the name of the Love of Christ,

Mary, Mother and Queen of Peace.
