DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Child,

See the light within your depths, that light that has existed since the beginning of your existence, the Light of God that has accompanied you since the origins and holds the story of your creation.

It is the light of your essence, an unknown and eternal light, a light that guides your steps toward the inner Christ.

Focus your attention upon the power of this light, which is not physical, but immaterial. It is the light of Truth, the one that the temptations and tricks of My adversary often want to defeat and oppress.

Trust in the light that is deep within you, and everything that does not come from the Light of God will dissipate.

May this inner light, invisible to the material eyes, be the bridge that unites you to God so that you always learn how to live His Will.

May this inner light show you the victory of Christ within your life, at each step of your union with His Sacred Heart.

May this light arise from the deepest and most true place of your consciousness so that you never feel alone, both in the trials and in the triumphs.

Let the powerful and invincible Light of God emerge from you, the light that comes from your essence.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
