DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear child,

Every soul that surrenders to God in order to live the divine life, while still being on Earth, needs to learn to transcend inner duality.

It is like an unconscious and autonomous matrix that in many cases leads toward a spiritual condemnation for souls because duality is imbued with personal will.

This generates that the souls of the Earth, after some time, suffer the consequences of decisions made.

On the spiritual path, it is similar. But it is much more difficult to transcend duality within the human being, since overcoming the infinite aspects of duality is a victory for the soul that ventures into that mission because in reality the aspects of life that play against true love are defeated, and the spirit finds the freedom that God wants it to live: freedom that only the Universe can grant the soul that seeks union with the divine.

In this exercise of transcending duality, there are inner battles, crossroads and challenges that can only be overcome with determination and faith in the heart.

After all of this, the consciousness finds the inner paradise.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
