MESSAGE FOR THE SPECIAL APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF FATIMA, PORTUGAL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS, FOR THE OCCASION OF THE BIRTHDAY OF MOTHER MARÍA SHIMANI DE MONTSERRAT

The Divine Project of Redemption

Within this material Universe, and in the infinite existence of many forms of life, the Creator lovingly thought to carry forward a Divine Project of Redemption that, by means of the surrender of His Beloved Son, could recover the souls back into union with the High and especially, the spiritual communion with the Celestial Father.

This Project could not have faults. Therefore, the Eternal Father entrusted it and delivered it into the care of the Archangels Micha-El and Gabriel. And another part of the Divine Project of Redemption was under the care of Archangel Raphael.

Thus, the experience and the testimony of the love that Christ left manifested in the consciousness of the planet by means of His Passion, Death and Resurrection, the great opportunity to experience the path of redemption approached all of humanity again, in different times and stages.

This is the reason why the Divine Project of Redemption renews itself time and again, through the steps of the souls in the School of the degrees of love and of forgiveness.

Each time some consciousness takes a step within the Divine Project of Redemption, this event begins to be part of the Christic Legacy of Love that the new humanity will receive to be able to begin to truly live the Plan of God.

This Divine Project of Redemption also focuses on the history of terrestrial and spiritual, soul and cosmic life, that each consciousness brings as inner baggage.

Thus, when souls make their definition of following the path of Christ and of fraternal life, all the history of the consciousness begins to become evident or is revealed through the impulses of its spiritual and service work.

When the consciousness faces its true history, and the unknown reveals the reality of its spirit and of its soul, in most cases the consciousnesses deny the origin or the feeling of this knowledge or stories which, throughout the ages, have marked a lasting spiritual wound which has brought spiritual, internal and even physical consequences and traumas.

The Divine Project of Redemption, which was attained by the Christ Himself under the manifestation and the expression of a wise, compassionate and merciful love, is the means through which the souls will be able to liberate themselves of their errors and stories of suffering or of failures that their own consciousness feels but whose origin it does not know.

The Divine Project of Redemption promises not only the spiritual and internal healing of past facts, but this Project governed by Christ Himself aspires to place the consciousness in the school and on

the path that it should follow, without interferences nor obstacles on the part of its own consciousness.

This Divine Project that is still sustained throughout the times is the Project of God which has achieved the greatest number of miracles and conversions in the last times.

All the beings on the Earth are called to remember the sacrifice of the Son of God, to be able to enter the Redeeming Project so that their past may be transformed and their future may be prepared according to the Will of God.

That this Project may fulfill the designs for the consciousness will absolutely depend on the openness of the human being to the path of transformation and of inner change.

This will make of the Project a new victory on Earth, by means of the testimony of redemption of each being.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
