MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF PALERMO, SICILY, ITALY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

On this special day, in which the pilgrims and devotees of the whole world remember the first apparition of the Divine Lady of Fatima, today, in the same way, My children of Sicily will always remember this loving visit of your Heavenly Mother to the South of Italy.

For love and immense Mercy, My children, I have arrived by means of the pilgrim group to Sicily so that these people may attain the Pity of God and the Forgiveness of My Son Jesus Christ, knowing that its people have witnessed, and continue witnessing, events of social and human life that do not fulfill the Commandments of God, including within the Church.

Therefore, My children, as the Mother of Grace, I approach you so that you may feel My maternal Love and listen attentively to My words, so that you may perceive that this meeting of today is unique, and it will depend on all of My children of Sicily for it to be repeated.

All of you, children of Sicily, know that you are much in need of love, of forgiveness and especially of penitence. Because by means of the exercise of these attributes in daily life, you will attain Divine Grace so that through the path of conversion you may become worthy children of God.

At this time, children, everything is possible. If your efforts and interest for changing your habits and ways of life are true and not just apparent, you will demonstrate to the Universe that this urgent change of consciousness will take place and you will be lovingly protected by the Arms of God.

I come to Sicily so that the way of life that you have today can change, and that your repented hearts can be touched by the divine Mercy of God.

As Mother, I present Myself, as in other places of the world, to give you a warning. And this warning is that you are still in time to be able to live this change of life and of consciousness so that, not only you, My children, may be pervaded by the Divine Attributes, but also your families and acquaintances may be helped by the Love of God.

This change that I ask of you today, as Mother, is not a religious change, nor does it refer to a conversion into some institution. I speak to you, children, of the change of the way of life that has been going on for decades, and I know you understand what I am talking about.

You, My children, must live a spiritual and intimate change, between you and God, so that the doors to redemption do not close before there is still time.

Children of Sicily, by living your conversion, you will live your awaited redemption and My Son will take you into account so that, redeemed and forgiven, you may be part of His flock of Love and of Light.

I ask you, listen to My call, feel My Heart. I come to you as a Mother who loves you and who expects to see you immersed in Light and in Good.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
