DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED DURING THE JOURNEY FROM TRIESTE, ITALY, TO MEDJUGORJE, BOSNIA AND HERZEGOVINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

In places on Earth where Nature is protected and respected, the living elements of an ecosystem create the conditions for higher levels of consciousness to descend and establish themselves in these spaces, and that spiritual treasures of the Universe may be held there, which will be of vital importance for the future development of the next humanity.

For this reason, the Spiritual Hierarchy speaks a lot about the care and the protection of the Kingdoms and of the spaces such as the ecosystems so that this bridge of spiritual contact may establish that which humanity will need in order to move forward with the Plan of God.

These natural spaces will always help to change the frequency of the human being, and with reverence and love for the Kingdoms, they will be able to be united with God.

I thank you for keeping My words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
