DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Seek to be in Me all the time because My Faith will strengthen you at the great moments of test.

The one who abandon himself in Me will receive all that he need, will stop of being all the time in self and will be transfigured by My Presence.

For this many believe that the inner stripping is to renounce only a few times, and in truth the emptiness of oneself is an eternal exercise for those who have just been initiated into My Christic Path.

It is time to become victorious and humble through merciful prayer. I speak about victory in the total transformation of oneself and to renounce to what one was some seconds ago, because in this way, in truth, the consciousness will renew itself and it will only find comfort in My Heart of Love.

Under the Light of the Father, be blessed.

Thank you for living transformation through the Love to My Sacred Heart!

Your Master, Christ Jesus
