Weekly Message received in the Marian Center of Figueira, Minas Gerais, Brazil, transmitted by Mary, Rose of Peace, to the visionary Friar Elías del Sagrado Corazón de Jesús

My son and My daughter,

If you do not change, nobody will be able to make you change.

The change of your consciousness will promise transformations and renunciations, inner demands and challenges.

If you do not change, you will never be elevated to be able to recognize in yourself the action of Divine Will.

God has a perfect Design for every soul, but the Celestial Father will never demand that you live it.

This is the reason why the souls of the world suffer and lament, because they are resisting living and experiencing the Will of God.

To live Divine Will is to do and fulfill what goes beyond the liking or the opinion of the consciousness.

To not fulfill, in this time, what the Father needs of each one of His children is to turn your back on the Universe.

To resist fulfilling the Greater Will to live a personal want will always end in an uncertain destiny.

There are clear examples in the history of humankind of the effects of personal will.

To live the Will of God is to free oneself from the self, every day, it is to work a little more with humility, it is to completely surrender, even with limitations. But, above all, it is to trust and love beyond the self.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
