WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM MONTEVIDEO TO THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Broad is the Universe of the Spheres of God; a place in which the Divine Purpose resides, which generated, as a Principle, the Creation of creation.

Broad is the Universe of the Spheres of God. From this Universe His children essentially come because the Father gave them the best, through the attributes of love and of unity, so that His creatures could learn to grow, to find Him and to love Him.

Broad is the Universe of the Spheres of God. From it comes the revelation of faith and of all mysteries, to it will return all the experiences of love and of forgiveness had on Earth by His children, because through all of this, a new Creation will emerge and, from this, a new life. The spirit will rejoice in God on finding the meaning of its existence.

Broad and deep is the Universe of God, which expresses the attributes that souls need in order to be able to live the will and the purpose which they came to incarnate on the Earth.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
