DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE COMMUNE OF CASTEL VOLTURNO, CAMPANIA, ITALY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Even though it may seem difficult or impossible, the victory of My Heart is happening within the consciousness of Italy.

For this reason, the last events demonstrate to the Hierarchy that it is the moment when great definitions are presented to the world, to reveal to it that the time of transition has come, for all of humanity.

In these moments, in which everything seems to be more difficult and the nations most committed with the darkness of these times are spiritually worked by the Divine Consciousness, it is when your lower consciousness, your mind, your heart and your soul must remain in balance by means of silence and prayer. In this way, I make you participants of events very similar to those I experienced before being given to the Cross.

Thus, consciously, by means of the pilgrimages, you are learning to transcend and transmute these great and ancient spiritual forces which, in the last 500 years, have subjugated and enslaved humanity, sowing terrible and dark codes within many consciousnesses.

Remember the main work is being accomplished, even though it seems nothing is happening.

Since the last 8th of August, you have stopped serving only your Light-Communities in order to serve the planet and, in consequence, all nations that are in an extremely high grade of perdition.

I thank you for keeping My Words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
