**DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE COMMUNE OF CASTEL VOLTURNO, CAMPANIA, ITALY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

Elevate yourself through My Eucharistic Presence and, in this way, you will overcome and transcend all the obstacles of your own human consciousness.

For this reason, stay united with Me from the heart so that, in spite of the opposing movements, you may learn to surrender and be humble as did many sages and masters.

Quiet down completely while you traverse some spiritual tempest because, above all things, you must believe in and live the triumph that My Project achieved in your life, and in the life of your brothers and sisters.

Thus, keep faith in the Heights. Do not stop invoking that which is superior, non-material and grand that comes from the Universe.

Day by day, unite with universal Life and you will know, by yourself, how to rise up from the ground. But remember that who lives in My Love and practices it, will manage to be redeemed someday.

Dare to say "yes" to the Universe and do it for those who retreated and did not manage to faithfully follow My steps.

I am always here with you, as long as you call Me.

Who blesses you,

Your Master and Lord, Christ Jesus
