DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Within the Greater Universes of God is to be found the spiritual explanation of our existence, that which we were born for and what we truly came to do, which we can understand as the Divine Purpose of each being.

Through the experiences of life, through the actions, feelings and thoughts, we alter that existence within us. It means that we distance ourselves from the reality of life or our surroundings when we resist, because of different circumstances.

In this sense, the existence of our being allows us to carry out the purpose that was entrusted to us since the origin.

When something opposed to this happens, the path of spiritual realization is altered because of various factors, and the soul delays in being able to take its steps toward the final goal.

The answer that we seek to understand, which is if we are carrying forward the purpose of our existence or not, first lies within us, recognizing if we are in attunement or not with what is High and with all that is positive that must occur around us.

In this way, for instance, we will know if we are within the spirit of the realization of our existence. Otherwise, we would be losing steps in the evolution of consciousness.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
