DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Enter into dialogue with God every day, place yourself before the Father in confession and ask to remain in His Grace.

Child, human beings are on their way to express what they truly are, during an intense purification of centuries of existence, almost always permeated by illusion and deceit.

Do not allow your being to remain immersed in the superficialities and miseries when you have the possibility to transmute and sublimate these energies, if only you are willing to be humble before God.

Talk to your Creator. Look for the perfect thought that He emanated by idealizing your being. Feel the sublime Love of the Father and the perfect purpose that He still expects you to express.

Be willing to find within yourself the Divine Will. May the presence of God, His Universe, His Infinite, no longer be mere theories and knowledge for you.

Let your being experience that which cannot be explained and which is not in any sacred book, because those who have experienced it, can only be silenced.

It is time to deepen and not to regress. It is time to decide to take the steps in the right direction and not to follow the known paths that give you a false sense of security.

In this time, everything must be new. The unknown awaits for you to reveal its mysteries. And that which has always been silent in your heart will finally be able to express its truth.

Your Father and Friend,

The Most Chaste Saint Joseph
