DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF FATIMA, PORTUGAL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

When hearts pray, accompanying the Divine Messengers in Their pilgrimage throughout this world, they are opening the doors to Heaven so that a new life may be instituted on Earth.

The sincere prayer of your hearts awakens the potential of the human heart of uniting Heaven with Earth and, little by little, you begin to express the true purpose of humanity.

When hearts awaken, they generate merits so that more souls can also awaken and so that those who are in the abysses of this world may receive an opportunity of finding the light.

Only the one who has already been in the abysses of the Earth, children, knows the pain and the anguish of being far from God and prisoner of the play of dark forces that besiege this world. For this reason, what is most important is to cry out and plead for lost souls, say 'yes' to God unconditionally, and accompany the steps of His Messengers, even though you may not totally know the mission that we are carrying out in this world at this time.

What we do, as we are on pilgrimage throughout the nations, is much broader than what we can reveal to you. We are withdrawing this planet from the abyss of its self-destruction and placing it in the correct position for its transformation so that it is able to cross the threshold between illusory time and the Time of God, in which nothing will ever be the same, in which the truth will be revealed to you, in which you will know who you are and why you are here.

Thus, children, something so simple as a sincere prayer is the response you must give to God, every day, so that you may fulfill your part in this mission of love. Simply accompany Our steps with the heart and, wherever you are, announce through prayer your adherence to this Plan of love and of rescue of the life on Earth.

You have My blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
