My children,

By the great and immense love of God the Father today let us celebrate the memory and the anniversary of My Apparitions in Fatima. May Peace be the principle for each one of your lives so that through the presence of My Immaculate Love your hearts may be rekindled.

Dear children, today I bring you the memory of Fatima because there was where My Maternal Heart triumphed for all Europe. With this I want to tell you that there My Heart founded, for the world, the school of prayer, an exercise that for a long time I have been inviting you to contemplate and pass through with the heart.

My children, through Fatima you may find the merciful love of My Heart because today I remind you of how important it is to live in the prayer of the heart. Through this path you are now passing through My Universal Light may help many of My children that must reach the state of peace.

In the praying answers of each one of you, God the Father may pour His prodigies and His gifts over those children that do not live the One God. In this exercise of prayer, you will be strengthening your lives for the total consecration to My Immaculate Heart, but also the prayers will come to all those who, in emergency, are in need of salvation through My intercession.

Dear children, the path to Fatima is a path towards the depth of the heart, it is where, through the exercise of prayer, you may find purity and devotion, necessary instruments for the redemption of humanity.

In My Son you will find the fire that may illuminate and sustain you in the face of everything. Collect your hearts into My Heart and live with Me and in joy this victorious memory of My Heart in Fatima for the whole world.

Pray, pray, only pray.

Thank you for answering My call.

Mary, Mother of the Divine Conception of the Trinity.
