**Daily Message received in the Marian Center of Aurora, Paysandu, Uruguay, transmitted by Mary, Rose of Peace, to the visionary Friar Elías del Sagrado Corazón de Jesús**

If the souls of the Earth obeyed from the heart the requests of God, there would be no reason nor motivation to experience suffering, sorrows and pain.

Lack of obedience means lack of unconditional adherence.

Until today, the human being of the surface has strengthened its characteristic of being disobedient and indifferent toward the divine, or to the call of God.

This is also the reason why souls take so long to be able to find the way and the purpose that brought them to the Earth.

And even when souls finally find the way, and the door of purpose is before them to cross it and walk on the path of obedience to God, even then human beings undervalue that opportunity, that grace, and respond to such a unique moment with great disobedience.

The root of disobedience lies in the abuse of power, of authority or of the "permission" human beings believe they have on this planet and within this Universe.

There is nothing more distant to humankind and to souls than believing they have power or authority in any situation.

The key that reverses this primitive state of consciousness is humility; humility that must be free of interests and free of self-benefits.

Nevertheless, to triumph over disobedience, it is not enough to only say "yes" to the Divine Will; it is necessary to learn to embody obedience in oneself, in order to perceive how many times the human being does what it thinks or what it believes.

In this time, disobedience could place the evolutionary path of souls at risk. Just by looking around, one can see how the planetary reality is due to so much disobedience.

Again and again, we must return to the path of humility until the consciousness manages to get out of the belief that it can carry out its life without God; as well as get out of the belief that leads the consciousness to place certain requirements, even from God, which make of spiritual life a destiny full of trials.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
