DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

With your heart, accompany the awakening of the New Christs who are born of sacrifice, of martyrdom, of surrender and above all, of love.

The New Christs are born of silence, of renunciation, of chastity, of vigilance and above all, of unity with the Father.

The New Christs are born of the void, of faith, from the desert and above all, from an unconditionality before God.

The New Christs are born before the Eyes of the Creator and almost always will be known, only to Him.

Enter, child, into dialogue with God, so that He may make of you a part of His legacy of Love, a continuation of the Plan of His Son, a seed of the merits of His Passion, the result of His Blood and of His surrender.

You also aspire to be a Christ of the New Time, who renews the Love of the Father and of the Son, filled by the Holy Spirit, and in this way rebuilds the unity between the Creator and His creatures, giving God the possibility of renewing His Creation.

You have My Blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
