DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Just as I speak to the spirit and the heart of the Earth, I speak to the human spirit and heart. As part of a Project and of the one Will of the Creator, children, you spiritually enter into a consciousness that is given an impulse, according to your steps and, in the same way, it becomes stopped in its evolution, upon your regression.

This consciousness, this human heart, balances the evolution of humanity, allowing some to benefit from the inner steps of others but, at the same time, when they make great mistakes and abandon spiritual commitments assigned in the Heart of God, in the womb of His Creation, this causes all the beings within this Project of Love to also take a step back on their path.

This is why today I open My Heart to direct my words to the human consciousness so that in these times of definitions and tests, you do not lower your arms; so that you do not desist and do not lose hope because this is the threshold of your evolution. For this moment, you have grown and walked for such a long time in this sacred school of Love.

I am speaking with the spiritual consciousness of humanity so that you no longer just look to yourselves but rather contemplate the difficulties, the errors and the suffering of fellow beings with a look of compassion, and that by recognizing that evolution is built in perfect balance amongst beings, you offer the Universe a greater step and a greater love for those who were not able to walk nor experience Love in this world.

Now, children, it is not only about personal healing, redemption and evolution. Now it is time to take a leap as humanity, and that is done with love, with persistence and, above all, with the Ray of Willpower that comes from the Heart of God.

You are still in the time of healing and redeeming, you are still in the time of loving. But that healing, that redemption and that love must be extended beyond your own heart, and reach the human heart.

Pray for all, heal for all, love for all. Walk so that all may walk.

Your Father and Friend,

The Most Chaste Saint Joseph
