DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF FATIMA, PORTUGAL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

There are places on Earth, children, that from the beginning of the planet were designed by God so that gradually they could manifest and hold the most sacred and evolutionary experiences that every and any human being can have.

These sacred places in the invisible worlds consist of Kingdoms of Love, because all the love achieved by humankind has been kept there and, throughout human evolution, it has multiplied and transformed to assist all those who are still learning to love and discovering the truth about themselves, which is hidden in the essence of love.

When the Divine Messengers travel throughout the world, They awake these sacred places and create a link between the human consciousness and those spaces of love so that, spiritually speaking, beings may receive new opportunities for fulfilling their mission and expressing the Divine Thought.

From the degrees of purity and unity with the Kingdoms of Nature, expressed by the primitive peoples, through the love achieved by Christ on the Cross, up to the love experienced by human beings, all this is kept in the essence of those sacred places as an assistance for the different nations and continents.

But if humanity is indifferent toward this spiritual reality, it remains hidden and silent, and does not present its treasure, its legacy, to the human consciousness.

For this reason, children, each day you must be more aware of the celestial mysteries that are also held on Earth so that, in the name of humanity, you can participate in them, receive and live the love that makes all of you worthy children of God, and that which makes you express the Divine Will and Thought.

With your prayers, accompany Our steps and receive these gifts with gratitude.

Your Father and Friend,

The Most Chaste Saint Joseph
