DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

My Divine Mercy is poured in all of the times of your day and in each one of them My Heart transmits a task according to the need of the souls that are thirsty in the world.

My Unfathomable Mercy traverses the spaces that the souls open to Me through the constant source of prayer. This allows that My Merciful Heart may help and may liberate the consciousnesses that must elevate themselves and leave from the Earth.

By means of the Divine Mercy the hearts are touched by My Light and by My secure Love. For this the permission so that it may happen must be born first from the confident heart of that soul that abandons itself completely in My arms of pity and of love.

To be in Me is a daily challenge but the merciful prayer of the three in the afternoon and of the other times of your long day will allow you to keep a unity with Me and in this way you will see yourselves within My Most Sacred Heart.

The consecration to the Plan of God through the Divine Mercy is possible but the soul who may determine it must take the first step to free itself from its own control, of that which it believes that is the absolute security for its life.

The Divine Mercy helps to materialize the inner emptying so that the souls may achieve consecration before God the Highest. I Am here every day to help you to achieve this ardent spiritual goal.

Under the Grace of the Father, be blessed.

Thank you for listening to My words with the heart!

Christ Jesus.
