DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Today it has been two years, on the 18th of August of 2011, when Aurora dawned in splendor, it received the Grace of the descent of the Virginal Mother, of the Mother of Love. She in Her humility and maternal surrender, opened Her arms to shelter all in Her Heart.

This was the day in which Heaven was united with the Earth and the celestial angels filled with light the corners of the Inner Aurora. From this day on God opened a new source of Mercy for the world, that which would serve the reparation and the healing for the souls of the entire world.

As in Merdjugorje, My Mother has prepared the path so that more flocks recognize the Only Shepherd of Love and of Mercy. For this today Heaven is reunited to praise God eternally so that His Magnificent and Loving Will continues to be poured upon the world and on all of the souls.

Now you will be able to see through prayer the fruit achieved in many creatures of God, those that have returned to the Kingdom of the Father and have reconciled themselves with the Infinite Love of God. See today, My dears, the fruit of the New Aurora, the New Sun that shines in the hearts that have only said yes to the call of the Most Holy Mother.

May this day remain guarded in your memories because God has been able to fulfill His Purpose in the most little hearts.

Let us praise the Father for His Unfathomable Mercy and Pity!

Under the Love of God, be blessed.

Thank you for answering to God with the heart!

Christ Jesus.
