**DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF PALERMO, SICILY, ITALY,
TO THE VISIONARY SISTER LUCÍA DE JESÚS**

Pray and let your prayer open the doors of Heaven for the Creator to elevate the souls that became lost in the seas of this world while they were seeking hope and consolation for their lives.

Pray for those who emigrated from their countries in search of peace and of a grace and however, did not find encouragement, but loneliness, despair and the suffering of feeling lost in the seas of the world.

Cry out for Mercy for their souls to be relieved. Cry out for Mercy so that nations be pacified. Cry out for Mercy so that hearts get to know piety and repent for their errors and sins, redeem their past and design their future with acts of peace.

Pray, child, for not only souls agonize, the planet also agonizes and cries with the same tears of your Heavenly Mother, for it can no longer bear the evil that oppresses it through the error and indifference of beings.

Pray, for the Divine Justice is approaching the world and those who are blind will not have many opportunities of seeing the Truth and the Grace of God anymore.

Pray for your heart to be filled by the Divine Piety, and thus make your intercession each day more sincere and truthful before the Father.

Pray, for the Grace of God is already upon you and it must expand all over this world. Allow the Mercy of the Father to flow through your clamor for peace.

Feel the urgency. Feel the pain of the world. Feel the grief of God and offer your heart to repair this planet.

Your Father and Friend,

The Most Chaste Saint Joseph
