MESSAGE FOR THE VIGIL OF PRAYER FOR PEACE IN THE NATIONS, RECEIVED IN THE CITY OF FATIMA, PORTUGAL, TRANSMITTED BY MARY, ROSE OF PEACE, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

God the Father establishes His Sacred Geometries by means of pilgrimages to the different nations and cultures of the world.

In this human diversity, the Father tries, by means of His Sacred Geometry, to have His Children of the Earth resume the essence of what they were in the beginning and before committing errors.

It is in this way that the Divine Messengers gradually draw, in the inner planes, the principles of these geometries, and thus important spiritual matrixes are established by means of the word, instruction, the Sacraments, Mercy and Grace.

The Sacred Geometries of God try, at this time, to have souls remember their origins so that in this Origin they can recover what they lost, that which is spiritual and divine, in these times, when modernity and influences deviate hearts from the path of fulfillment of their mission.

For this reason, the Sacred Hearts, while they go on pilgrimage in the world, take souls to the path of awakening so that the spirit of each being can recognize the Love of God within, and unite to the Eternal Father.

There, in this union, in this divine alliance, the soul comes into contact with the Sacred Geometries which are, in essence, the Virtues of God and His Greater Purpose for humanity.

For this reason, when a pilgrimage is fulfilled, as was this one that has just concluded in Europe, the Divine Hierarchy manages to finish establishing, in the inner planes, these Sacred Geometries that bring with them impulses of renewal for the nations, of awakening to a life of disinterested service and especially, these Sacred Geometries establish peace among peoples for greater periods of time.

In this sense, the Sacred Geometries always manifest, from the beginning to the end of a pilgrimage, and they can continue working for a longer time, although the pilgrimage has ended.

In this way, a mystery is projected upon the consciousnesses of nations and this mystery is unveiled when the consciousness adheres to the Divine Purpose, often without understanding or knowing it.

But every purpose is based on love, and it is this love that approaches the suffering souls so that they may experience it in the joy of finding God again, and of being able to live forgiveness and Mercy.

For this reason, in each new pilgrimage, new Sacred Geometries are delivered by the Divine Messengers to be sown in the consciousness of nations and, in consequence, in humanity.

All this spiritual and divine movement deactivates points of world conflict, as the hidden bases of exploitation, corruption and trafficking of persons, and also the Kingdoms of Nature are benefitted by the Sacred Geometries of God.

Thus, the planet, as a consciousness that lives and feels, breathes again.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
