APPARITION OF CHRIST JESUS DURING THE SACRED WEEK, IN THE MARIAN CENTER OF FIGUEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

As a symbol of peace, place your heads under My Hands so that I can bless you.

In the name of the Father, the Son and the Holy Spirit.

Today I am here as the Merciful Jesus so that you may remember the importance of this mission that the Father entrusted to you for the end of times.

Now feel My white ray and My red Ray.

I am the justification and the healing for the souls and, in the same way, I am the Blood that renews and purifies all.

On this second day, the second Throne of God has approached through My Sacred Heart and the Archangel Rafael, who has come in My company to glorify this moment and for the redemption of humanity.

While the Archangel Rafael contemplates you in the name of all the Creator Fathers, seek to unite your spirits to the essence of the cosmic Cure that comes from the greater Universes, those who have faith and loyalty to the greater planes, to the higher planes of consciousness from where all emerges in Creation.

Let us prayer to our Father, who is attentive to the voice of all the supplications. Let us repeat:

Beloved Creator Fathers,
sublime Essences of Light,
descend the Mercy of God upon the world
so that the whole race may reach redemption
(7 times)
Amen

Friar Elías del Sagrado Corazón de Jesús:

Let us listen to the thirteen bells at the request of our Lord.

Observe and feel with love all the prodigies that I bring to you from Heaven, because if in truth the souls submerged themselves in My Mercy, the evil of the world would no longer exist and it would not be necessary to suffer.

I came to you through My incarnation in the Holy Land. I was born as Light of God for the world and I shed this Light of God for all without exception.

I want you to learn to drink from this Fount of Light, that reunites all the Creator Fathers in the Universe and glorifies the Holy Name of Adonai eternally.

Embrace this opportunity of redemption and feel, companions, how your ties are freed, sin is purified and peace awakens in the hearts that listen to My Voice.

Today I come with the power of the whole Universe for the entire world and for the souls, present and not present, visible and invisible, that need to find the light to be able to open their hearts and recognize the presence of the King, who makes Himself visible, among the dimensions, in each inner essence that welcomes with love each one of the words.

Today I come as the Merciful Solar Jesus. I bring wisdom to all, the consequence of being able to fulfill the Plan and to manifest the works of My Father, as they are written in your hearts and souls for this task of the end of time.

You, companions, have this part to fulfill. Other souls must do another part of the Project, which is trying to be concretized through the service of the souls that donate themselves to My Heart, through the awakening of the hearts to the Divine Sacred Liberation that congregates them.

Today I come in the infinite expression of My Mercy and for the Mercy of all the Creator Fathers, the archangels, that try to elevate this moment as a blessed ceremony of purification and light, of redemption and peace for all the spirits of the Earth.

Just as I entered into Jerusalem and many things happened, today My Father, through the Heart of His Beloved Son, grants a time of peace in the frustrated hearts, in the souls that make wars and deviate God's Project through their actions.

Today I am here for everyone, for each one of the children of My Father, for those who answer Me and for those who do not answer Me, for those who embrace My call and for those who deny My call, because thus My victory will be given and My adversary will be defeated, when the hearts accept my convocation. In you is the change of the destiny of the whole planet, just as the responsibility is in all humanity.

If twelve consciousnesses that were with Me in the past were able to change the events of the whole planet, what could thousands of you do, clinging to My Faith, united to My Heart, for all evil to be excised from the ignorant hearts that do not see the Light?

If each one fulfills their part, despite what may happen, there is nothing to fear.

Give with love what you can give and do not restrain yourselves, do not close your hearts before the offenses, instead embrace your lessons as an act of humility and pacification, so that finally, companions, humanity fulfills the new pattern, the new life on Earth in the hearts obedient to God and to His change.

As it was in the previous Sacred Week, I will conquer seven intentions, not to reveal curiosity and personal will, but to guide the spirits towards the Project that My Father has planned for these times through all His hierarchies and creatures that gather in the name of the Light and of Truth.

Therefore, you will prepare, as I once asked you, a golden basket for tomorrow, to write your intentions. And if you could take a larger step, write the intention of your brothers and sisters, of

your family members or acquaintances and not your own, so you could be on the step of fraternity and brotherhood among all beings, placing the attention on those who are in most need of a word of salvation.

Until the end of the days of this meeting, I will pray for each one of these intentions, because this is what I have been allowed to do. And if you trust My Mercy, these intentions will be fulfilled and there will be no knot to oppose the concretion of everything in the name of Peace.

The Eternal Father is present through My Spirit so that the world may awaken to its great call of redemption and conversion, of communion with the First Born Son and with the most Holy Trinity.

Today I will bless the elements, but especially the children who have come to My encounter in the name of all the children of the world, especially those who are buried in the deserts at this critical time of the planet.

Could it be that you, companions, for a moment could feel Mercy for those things and not for yourselves?

I need you to walk beside Me in a different way and with a different perspective, maturing the consciousness and the heart in the real planetary need that I invite you to live with Me, as My apostles.

Bring me the incense here to sanctify the Table of God.

Friar Elías del Sagrado Corazón de Jesús:

At the request of Christ let us listen to Pater Noster, uniting ourselves to the spirit of the Creator of all things.

Pater Noster...

Through the sacred elements is found the liberation of paths, all the ties are dissolved, the inner doors open for the hearts to walk in trust toward God and raise their aspiration towards the Heights.

This communion today, companions, is offered to those who must be consequent with the plan of evolution, and especially to those who most need divine intercession.

Tomorrow I would like to see all of you with candles in your hands because My Light should materialize itself before you, so that thus you may believe that I am present in the name of Love and Peace forever and ever.

Today My Heart glorifies your hearts. Today My Love fills those who need the Love of God the most and this Love reaffirms the vows in those who say "yes" to the Voice of the Master and to His Sacred Word.

Today I need you, companions, to feel the Joy of My Presence because wherever My Joy is, there is no evil.

In the littlest ones, you will see the example of innocence that I need from You, so that soon, in consciousness and in the next world, you may be able to enter the Kingdom of Heaven.

My Heart was greatly pleased in the littlest ones when I lived here in the world among you. My Heart was calmed in the children before so much adversity; they are the joy of the new humanity, this is the spirit of purity that can never be lost in the men and women of the Earth.

Be like children and you will be in My Heart, not with childishness but with innocence, with real purity and compassion for all your brothers and sisters, just as they love all those that they see on their paths.

Therefore, today, I come to the world from the Universe of My Father, bringing this good news that the littlest ones, in these times, are those who offer their heart to support humanity in this transition. Search for the union with your inner child and heal the past so that it may be erased from your history.

My Rays of Mercy allow all the gifts and all the works to be multiplied. In the children, I also find Myself; twice, when they play and when they smile at the adults.

I am in all things, as My Father is in all things, because if thus you believe you will live the truth.

While I rise on this day of blessing, let us sing to the Supreme Son, for His Glory to expand itself through the four corners of the Earth.

Let us repeat:

Alleluia, alleluia, alleluia

Mercy, Mercy, Mercy

Jesus I trust in You.

In the name of the Father, the Son and the Holy Spirit.
