**WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF DUSSELDORF, GERMANY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

The Light of the Heart of My Son has triumphed again in all created essences which have come into contact with the Work of Love and of Redemption of the Divine Messengers.

This Light will be perpetual; it will feed the spirit with attributes, and will help the soul of each being to go through its moment of purification.

That Light will always be strengthened by the prayer of My children and it will allow bringing a moment of healing and of renovation to all.

The Light of the Heart of My Son is invincible and it has touched, during the last two months, the nations of Europe and beyond, for the Light of the Heart of My Son is abundantly multiplied, in every place the Sacred Hearts visit, as souls proclaim their faith and trust in God.

This makes of the Light of the Heart of My Son a fount and a spring which is spiritually open for all, for the Light of the Heart of My Son is a source of wonder that souls may receive within them at the moment of their conversion.

May the Light of the Heart of My Son be the victory of redemption in hearts and a balm of peace for the nations.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
