DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF FRANKFURT, GERMANY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

O soul that has wedded the Lord, surrender to Him your being, body, soul, mind, spirit and heart so that, in this way, you may be in your Spouse, and He in you.

Be faithful to the One Who called you by your name and Who, among so many beings of the Earth, allowed you to hear His sweet Voice, His firm call.

Seek to be, soul of the Lord, an eternal companion of your Spouse, faithful in the graces as well as in the cross, giving Him all virtues and miseries, everything you achieved and also that which you have not even tried for. Place everything in the arms of the Lord and surrender your heart before His greatness.

Do not wait any longer to experience an alliance with your God. Renew your union with the Creator in each instant of your life. Understand the union with God, not like the marriages of the Earth, but like a spiritual marriage, an alliance that is made between your soul and God, representing that everything you are and what you have experienced, up until now, is placed in the Hands of the Most High, so that He may dispose of your consciousness and of your spirit to accomplish His Will.

Learn to love God more each day.

Learn to be faithful and dedicated.

Learn to always offer all of yourself, so that His Will may be accomplished.

You have My blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
