Daily Message of Mary, Rose of Peace, transmitted in the Marian Center of Aurora, Paysandu, Uruguay, to the visionary Friar Elías del Sagrado Corazón de Jesús

Dear children:

I wish for the Face of Mary, Rose of Peace, to be finally painted and that She be on the altar for the anniversary of My daily Messages.

It has been a long time since this request was made, but in this year of 2019, I want Mary, Rose of Peace, to be known throughout the world according to the indications that were once given.

Therefore, the revelation of the Face of Mary, Rose of Peace, in this year of 2019, will indicate the beginning of a new cycle of your Heavenly Mother in the Work that the Sacred Hearts take forward.

Knowing the Face of the Rose of Peace, the world will be able to deepen into the mystery and into the divine science of the Mother of God, and thus the knowledge of the universal life will be revealed to all the souls.

For this reason, the painted face of Mary, Rose of Peace, will fulfill spiritual promises for all those who have the image. These promises will help the souls so that they know how to go through the end of these times.

Among these promises, to those who keep with them, the Face of Mary, Rose of Peace, they will not lack peace, the momentum of praying with the heart, the joy and the happiness of being in Christ, the recognition of the Grace of God, feeling worthy of the Divine Mercy, recognizing themselves as the worthy children of God, of living a strengthened faith and protection of the Holy Spirit.

On March 2, 2019, I hope to see, on the altars of Aurora, this holy Face of Mary, Rose of Peace, so that, like it was with the Face of the Glorified Jesus Christ, She may be presented to the world on this special day.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
