WEEKLY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM LISBON, PORTUGAL, TO BELO HORIZONTE, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The faith of My children is renewed when they, in sacrifice and under any circumstances, pray out of love, knowing the spiritual need of these times.

Thus, dear children, prayer will always renew your faith and your absolute trust in the Celestial Father.

Faith, which is renewed by prayer from the heart, creates a potent vortex of light that not only physically protects the praying consciousness, but also everything around them is silently impregnated with Codes of Light which help souls that are spiritually ill or have lost their trust in God.

The power of prayer, in this time, works miracles in the being itself and places it, again and again, at the portal of transcendence and on the path of redemption.

Prayer propagates peace and many more attributes so that everything may continue to transform and be renewed within beings, even those who do not pray will become aware, at some moment, of the importance of turning toward God.

I thank you for responding, in love, to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
