DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Each time that I descend from Heaven, the universe and My Sacred Heart pour a special Grace over you, renewing you in faith and in the commitment with Me.

I come to you because the flocks are still too immature to be able to guide themselves by themselves.

Each one of your consciousnesses will have to recognize the presence of the Shepherd of Light in different forms and phases; this will be the moment when your hearts, open to purification and for consecration, abandon for Me the old structures that impede you from approaching yourself to My Redeemer Spirit.

Leaving your judgments behind, accept the corrections of today, because they are nourished by the rays of love, rays of instruction, those that will show you the time to change and renew yourselves through Me.

When My Heart called to the fishermen of Galilee, It called the old humanity that, semi- destroyed, had to receive the opportunity of Redemption.

Now I return to call all those that, giving their yes, have opened the door to Me so that My Glorified Consciousness can act on the imperfect hearts, resistant, rigid, and closed; because My Sacred Heart will consecrate you and when It consecrates you, all shall reach the victory of salvation

Encouragement to those that still struggle to overcome themselves!

Under the Love of the Father, be blessed.

Thank you for keeping My words in the heart!

Christ Jesus.
