APPARITION OF CHRIST JESUS ??DURING THE 31st. MARATHON OF THE DIVINE MERCY, IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARU FRAY ELÍAS DEL SAGRADO CORAZÓN

Silence opens the door for you to enter into My Heart and, there to remain in joy and light.

In these last three days, we have covered a large part of Shambhala, and I have shown your inmates what are the next steps to follow in this plan that must be fulfilled for the end of times.

But My Heart, today, feels honored by the result of your exertion and effort before the Heavenly Father. It is still necessary to do more because humanity needs it. Not only in the meetings of prayer, in the service, but in the surrender of the day by day.

I am with you accompanying you, guiding you. And now go, go two by two as the missionaries did in order to help the souls and bring them closer to Me in union with God.

Even the world suffers and we can not hide it, it is a reality before your eyes; it is the consequence of a continuous error, which never ends because there is no profound change in the consciousness and in the hearts of all human beings. But the time of My Justice is coming, for that reason, I prepare you to be carriers of My Mercy and spread it every day, just as souls need it in these times that comes.

In Shambhala we have lived an internal retreat that should be recorded in your memories, because from there the new things will depart, the new works will be given, and the souls will gather around My Glorified Heart to serve the Universe in this redemption project.

Even the doors of redemption should be open so that more souls can enter as you did in recent years, who have been called to live forgiveness and love in this school of the planet.

I rejoice when there are souls who are encouraged to follow me for real and fear to lose nothing because in truth the Universe always gives them everything, more than the others.

The treasures that My Heart keeps for you are incalculable and infinite.

I wish that you not only love My Mercy, but also My Grace, which is the living power of My Divinity that was also among you in the past time to guide you to the redemption and love that you did not know and that you had forgotten.

Today, before the doors of Shambhala, before the twelve choirs of angels that congregate around the King of the Universe, before the presence of Adonai and the Blessed Virgin Mary, I remind you again: never forget to love, because if you love as I do, as I have loved, you will know how to forgive and you will not be in sin.

My mission is you all to be apostles for this time of darkness and constant trials for all hearts. But I repeat for you again this message of love because many times you forget it, and your superficial things emerge and leave you blind without being able to see the importance of the Love of God in these times.

Through each Marathon of prayer, I remind you of the same key, until one day you can unify them in your lives as part of your beings and stop being just a message for you to live in practice of this school of redemption.

The twelve choirs represent the twelve missions that still have to be fulfilled in the four points of the Earth, to which you are being called to participate and to collaborate so that My Seeds of Light are sown in the most forgotten and abandoned of this world.

There are many souls in solitude. There are many hearts that do not receive a drop of love, not even human love. Therefore, I prepare them in these current missions, not only those who serve but also those who pray, so that they can take their great step of evolution through a humanitarian service, where the pain of the world is unbearable when it is seen face to face.

So, companions, I teach you to do what I did in the past times, to love enemies, to triumph through love, to donate for love of others and to achieve union with God, the perfect union in that infinite communion with the Heavenly Father.

Today, I leave for all the Presence of My Glorified Heart, with Its twelve stars and Its rays of Grace. May this symbol impel you to adore me so that you may adore God through His Beloved Son. May this symbol represent through the stars, the union between the nations and the constitution of eternal love for the whole planet, the Christ Redeemer Love.

May the Rays be the souls that emerge from My Glorified Heart, Rays that expand through all the spaces to illuminate the dark abysses of consciousness and to raise sinners to the Kingdom of God, where they must reach mercy for collaboration of his fellows, of his servants and peacemakers.

Do not leave Aurora without these signs that I leave in your hearts, because they will help you in the moment that you must make the leap to evolution, just as the missionaries of the Middle East have given it and have shown it to God.

I acknowledge, as your Lord, the offering you are making through the daily prayers in the prayer groups. This allows you to vitalize the Plan, makes it alive in each one of you, and lovingly you feel part of this work of redemption and peace that will be fulfilled through the effort and dedication of all My companions.

For this day of prayer that has happened, you have entered Shambhala with Me and your souls have recognized the importance of loving the Plan of God and of bringing it to Earth through good works so that it can be fulfilled as My Father expects it. From the beginning.

You are a very characteristic flock that can awaken other flocks to service, to prayer, to fellowship, something that I hope to fulfill through you all the time and all the days of life until the end of time; until I return, to witness the judgment of the Earth, together with all the heavenly choirs that will dictate their proclamations of how the last two thousand years of this humanity have been. At that time there will be no more time.

Therefore, I come at this time to motivate you to the greater surrender and that you do not lose sight of the Purpose that shines in front of your eyes like a great sun to illuminate the paths of all the servants.

Today, I embrace those who have opened their hearts to Me and keep them under My Mantle to unify them with God and with My Merciful Heart. Today, the offer that I make is for everyone,

because everyone has the opportunity to live in the name of love that comes from the Universe for all the galaxies.

Today I show you, companions, how to please the Heart of God, which is very forgotten by the world, by war and separation.

May God always listen to you so that His Works will always be carried out in simple hearts. That they really want to change for the good of humanity and the new Promised Land.

Always pray with Me to strengthen yourself, prayer is the dialogue between our hearts and it is through which My Grace can flow towards your spirits.

In spite of the falls I contemplate you, because My Love is greater than your sins or your uncertainties. Even you do not know My Love, but yes, I show you a part of My Love that is the Love of God, the living and wise Love that understands and helps the souls, that brings them closer to the Source of Love to be reborn all the days, and so that each soul fulfills its mission, which it has come to fulfill at this time.

Today I will make a new prayer for you and I ask you to join Emmanuel now. This prayer, comrades, I recited it to My apostles at the Last Supper, before Judas delivered me. I call it "the Prayer of the Purpose", because it is the Purpose for this humanity from the beginning of the people of the desert, of Abraham, of Moses and of the prophets.

Prayer of Purpose

O Glorious and New Jerusalem!
that lives in the dimensions of My Father.

O Sacred Treasure of the Ark of the Holy Covenant!
may you still vibrate in the Kingdom of Heaven.

Come down, New Jerusalem,
as a resplendent city,
as a New Humanity upon the children of My Father.

O Glorious and New Jerusalem!
join the spirits who believe in the Kingdom of God
and who only wait
for the promise of Christ's Return.

Meanwhile, O New Jerusalem!
formed by the One Mind of My Father
and His wonderful Creations,
make yourself alive within the souls that await
the fulfillment of the Redeeming Project.

O Glorious and New Jerusalem!
that once shone in the firmament of Bethlehem,
when the Firstborn Son incarnated on Earth
to bear witness of Mercy to the world.

O Glorious and New Jerusalem!
join with the purpose of those who have called themselves
to experience My Second arrival in the world.

Father, Father-Mother Emmanuel,
bring down Your New Jerusalem, which shines in the Universe,
as the beginning of the new purpose for the New Earth.

May your laws and designs, O New Jerusalem!
be fulfilled in those who await Your arrival.

Today I open the doors before You, O New Jerusalem!
for the Father to touch the hearts of His children,
and may they feel confident to live in the Purpose.

Sacred and New Jerusalem,
full of angels and archangels, of laws, gifts and designs,
descend to this sick world
that is darkened by having forgotten You.

May your love be manifested, O Glorious and New Jerusalem!
so that souls revive Your Principle,
Your Principle of Ascension and Unification with God.

May the New Humanity arise
by the arrival of the Glorious and New Jerusalem.

May everything become One,
and, in Unity, we will be in My Father, Emmanuel.

Beloved Father,
in Gethsemane, You gave me
the greatest weight upon My Back,
which was the sin of the world and the destruction of souls.
After having fulfilled Your request,
in the name of Love and Unity,
by Your side, O Emmanuel!
fulfill My request that Your children
receive the new Light of the Universe.

Emmanuel, open the doors of the New Jerusalem,
so that all may enter, and do not leave anyone behind.

May your Paternal Gaze, Emmanuel,
illuminate the souls,
and, that, in Your New Kingdom,
we may be One forever.

Amen.
