DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Do not be afraid to leap towards emptiness.

Do not be afraid to correct your ways and start over.

Do not be afraid to give your best for love.

Do not be afraid to set aside your own thoughts, feelings, anguishes and joys in order to overcome yourselves, for the sake of the pain that the planet is suffering at this moment.

Do not be afraid to surrender and discover the fullness that is not based on human contentment. To find higher life is also to transform the meaning of joy and fullness, to transform that which fulfills you, and allow your beings to find peace in serving God and in surrendering entirely, by discovering that you can forget yourselves for the sake of a planet that suffers, for a Plan that you should fulfill, for a Divine Love that must renew itself.

Look at the Cross every day; contemplate the absolute Love of your Lord. In Him lies the key to the healing of all sins, the transcendence of all miseries, the surrendering of all resistance.

Transforming yourselves in this time is to take a leap into the void and into the unknown. Discover a service you have not yet lived, a love you have not yet felt, a surrender you have not yet know. This begins, children, by wanting, fighting and affirming your own overcoming, every day.

You have my blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
