

Prayer for the Occasion of the Centenary of Apparitions of Fatima on May 13, 2017

Prayer recited by the Most Holy Virgin Mary on May 2017

You are the Sun of the Universe that illuminated the corners of the planet.

With Your Love and with Your Grace, You saved humanity.

Mother, You made Yourself small and humble through the shepherds and, as it was in the Beginning, You revealed to all the Mercy of God.

You left hearts with the power of the Holy Rosary,
and thus You allowed souls to bloom like sparks of light.

You came to meet us, dear Mother,
to free us from perdition and destruction.

The call of Your message in Fatima today resounds
in our hearts and we respond to it.

May Your hands guide us as we serve.

May Your feet always guide us along the good path.

May Your gaze of love illuminate the steps that we must take
towards the Plan of the Creator.

May no one in this world be forgotten.

May we be more fraternal with each other.

Let any indifference in the human consciousness dissipate
so that, yielded and surrendered at Your humble feet,
Mother and Queen of the Rosary,
humanity may be converted into the new,
in consecration, hope and love.

So be it.

Amen.
