**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

I bless My little ones in the loving power of Jesus so that your hearts may find the safe refuge inside the Celestial Temple of God.

Dear children, today I invite you to pray with the inner voice of your hearts, because in this exercise you will find the art of living the contemplation of the heart. Today I call you to exercise the contemplative prayer, which means, My dear children, to leave the heart, the mind and the spirit in the Hands of God.

This simple exercise, My children, will help you in the harmony and in the silence that you and the world need so much, a silence that will lead you to find peace.

Dear children, as Mother of Divine Prayer I prepare you for the moments in which prayer must be the sustenance for your lives. Dear children, this is why the prayer that is pronounced with the love of your hearts is so important, in this way your souls will be dialoging with the Most High, moment by moment.

I invite you to help the planet and humanity through the prayer of the heart. I invite you today to find meaning for your lives by means of prayer, your union with the Eternal Father.

In this way, dear children, your hearts will serve as instruments of peace, of love and of hope for the hearts that still remain closed to the call of God.

Your lives must commune at each moment with My Son. Your lives consecrated in Jesus will be Divine lives in the arms of the Creator, because the unfathomable Mercy must be the hope of a new way out for those who seek with the feeling of the heart.

Above all let us pray for peace, and remain in My Maternal Peace.

I thank you, dear children!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
