DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Among the simple and true sheep My Sacerdotal Consciousness helps the great planetary consciousness.

Among those who pray and those who adore My Most Holy Glorified Body I construct the path for the New Humanity.

Among the silent ones, the reverent ones and the devotees, I construct the Source that will give to drink to all those who have thirst.

Among My ones I accomplish all of the works and to all of them I give of My Sacrifice so that they may be formed as new Christs.

Because with the humble and the peace makers I manage to get deeply into the abysses of this world and I collect essences that have fallen into mortal sin. For this each new day My Heart will ask for a little more from My servers because it will be necessary to reverse the planetary situation and as I have always said: amongst My ones I will make My Great Works.

For this say yes to Me because I will always accompany you.

Under the Love of the Father, be blessed.

Thanks for being in My Sacred Heart of Peace!

Christ Jesus
