DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE SEA RESORT EL CONDOR, RIO NEGRO, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Dear children,

As the Star of the Sea, I guide the great luminous consciousnesses of the inner Mirrors of the oceans, for them to radiate towards the world a great flow of peace.

As Mother and the Star of the Sea, I guide and direct the intelligent movement of the Mirrors, for them to capture the universal currents, which in this transition will help purify the planet and its humanity in the greatest possible harmony.

As Mother and the Star of the Sea, I guide and direct the inner opening of the Mirrors of the oceans for them to balance the psychic plane of the planet, and for the souls to be able to awaken and find the center of their being.

As Mother and the Star of the Sea, I guide and accompany the movement of the Mirrors, for them to attract from the Cosmos the principles and attributes that humanity will need during this transition.

As Mother and the Star of the Sea, I guide and direct the epicenter of the Mirrors of each region of the planet, so that through this subtle network of spiritual communication, humanity may someday awaken to the superior realities of the Hierarchy, and this race may no longer feel alone upon this planet.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
