DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM GENERAL ROCA TO VIEDMA, RIO NEGRO, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

The innocent blood poured out by the martyrs of the end of times has an incalculable spiritual value, since it represents an act of courage and love so similar as the one which your Lord Jesus Christ lived upon the Cross.

Therefore, the blood poured out by the martyrs of the end of times is recognized in Heaven as an act of salvation of the Project of Redemption of humanity.

At the same time, this innocent blood that is poured out for love of Christ remains impregnated with extremely potent Christic Codes which, spiritually, through the act of saving other souls, are radiated in a direct way toward the essences of humanity and, especially, to the place where that unexpected event happened.

Just as My Son in the Garden of Gethsemane saw the triumph of His Celestial Church in the hearts of the humans of the end of times, in the same way, Christ, through the vision given by the Father, witnessed the triumph that the martyrs of the last days would live for love of the Lord.

In this entire mystery, the existence of a step that consciousness gives is revealed which, being a victim of the Love of God, offers itself spontaneously in sacrifice for the others, giving its life in the hands of the Divine Will.

The martyrs of the end of times do not yet know that they will be so, they will only know it when the Universe presents them the moment of being able to live it, for love of Christ, and for the expiation of the great sinners.

I thank you for responding to My Call!

Who blesses you,

Your Mother Mary, Rose of Peace and Mother of the Innocent Saints
