DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF FATIMA, PORTUGAL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Remember within yourself all the impulses received within the recent days, in recent times, and let them generate results within you. Mature these results, meditating upon all that you have lived, allowing your consciousness to move to a different place from where it was before, receiving all these Graces of God.

Reflect upon all that you are to experience from now on, the steps to be taken, the tests that await you, and how your heart is to prepare for new cycles and impulses that have never been received or experienced by humanity.

Let Divine Grace permeate all that you are so that even the smallest of your cells may be conscious of what it receives and what it is called upon to experience as from now on. In this way, child, without wasting anything of the divine impulses that descend to the world, your being will always be worthy of greater impulses.

Learn to reflect on, to meditate upon and to love the steps that you are to take as a human person, as a soul and as consciousness, as a creature and as a part of the Divine Consciousness.

You have My blessing for this.

Your Father and Friend,

The Most Chaste Saint Joseph
