**MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF THE CHILD KING, RIO DE JANEIRO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

With a Rose of Light upon My chest, dear children, I give you the sublime aromas of Heaven so that, in this moment, you may be embraced by the Love of God.

I give you the Rose of Light so that, within you, essential purity may awaken, which in this time the world will need to recover in order to return to God, with innocence and in repentance.

May My Rose of Light manifest within you so that the angels of Heaven may recognize you and thus help you to walk with Christ and to find God in each moment.

Dear children, this is the time to seek the best that exists within you. It is time for you to contact your inner essence so that the world may also be filled with that which is most pure and blessed that the Father has given you.

Today I come here, to this beloved and humble Marian Center of the Child King, to remind the whole world that it has lost contact with its inner child, and that this inner child is pleading for help to be able to express and demonstrate how much it loves life and the Universe.

The human being has to place their attention upon this inner child, and thus they will perceive how much they have harmed it with their hasty actions.

Therefore, My children, return to Me so that this inner child, that is about to express the sacred mission of your essences, can rule above the ego and all obscurity.

The inner child will allow you to see the reality of these times from another perspective and will lead you to experience absolute self-surrender.

Humanity must not make its inner child succumb because it would be dissolving in itself the original innocence and purity.

Reconcile with that which is in the depths of your beings, asking them for forgiveness, from so many traumas and experiences lived.

With love, unite to your inner child and let the expressions of virtues and talents place you on the right path, far from suffering and from obscurity.

Therefore, I give you My Rose of Light so that the inner child of each one of My children may feel the maternal love of the Heavenly Mother, and may thus decide to reveal and express everything they internally came to fulfill as service of love for humanity.

I thank you for responding to My call!

Who blesses you,

---

Your Mother Mary, Rose of Peace
