DAILY MESSAGE OF THE GLORIFIED CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF THE CHILD KING, RIO DE JANEIRO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

Companions,

True consecration is inner and profound, and this consecration is reflected when the soul expresses its virtues through service, charity, the good and unconditionality.

Consecration is the inner portal that opens for the soul and for the essence so that, upon crossing through, the deepest nuclei of the being finds itself before God in order to begin to accomplish and live His Will, no matter what it may take.

This is why My adversary casts all of its fury when souls take steps and decidedly, without anything or anybody who can stop them, continue upon the path of consecration, because after this step comes the path of transcendence in order to someday reach the path of perfection.

This path of transcendence is that of true disengagement and detachment from oneself, to the point of facing the inner battle of overcoming, in the name of love and truth, the aspects of indifference, omission, and capital sins.

Each time a soul walking on the path of consecration finds itself facing the opportunity of taking a new spiritual step and of renewing, new struggles will come for transcending and dying to more things that the soul, in its egoic aspect, believes about itself.

All of this is for achieving and living the absolute and powerful Christic Love that will give you liberty forever.

Consecration is the opportunity of tearing the old veils of consciousness and is the permanent grace of being able to be at the service of God.

I thank you for keeping My words in your heart!

Who blesses you,

Your Master and Lord, Christ Jesus
