DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

May good intentions towards your fellow being never cease to be born within your heart.

May this goodness that you should experience, day by day, lead you to understand, beyond forms and senses, the Divine Plan of God.

Profess the goodness in your fellow beings as part of the Divine, as a real union with the sacred Purpose.

Be good wherever you go and to whomever you are with.

In your life, may your heart learn to overcome duality, thus you will enter the perfect balance of the universe.

Practice good, as My Son taught, so that, in the depths of your cells, feelings contrary to goodness may purify.

Let goodness be the inner impulse that guides you, that leads you to experience the degrees of love in higher proportions.

In good, you will find the healing you need from all the evils that you ever experienced.

Good will lead you to be at peace, and in peace you will be able to submerge in love.

If you want to be a peace-maker, submerge in the chain of good, thus you will help rebuild this world and you will change the human standard, that of doing evil all the time, thus you will help move your neighbor apart from suffering.

When the soul does not carry out its actions in accordance with good, it enters suffering, because good teaches you to think and do everything for your neighbor and remove you from the first place in which you had placed yourselves.

Good does not battle nor compete.

Good reminds you that you must always return to love.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
