APPARITION OF CHRIST JESUS DURING THE 73rd MARATHON OF DIVINE MERCY, IN THE CITY OF BUENOS AIRES, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

And so, from the beginning, the Father knew that He would give Himself to the world, through His Beloved Son, for the redemption of all souls and the forgiveness of all errors committed.

My Voice is pronounced to a world that must awaken.

My Heart expands before all of the Universe, bringing the charity of My Spirit and the balm of My Soul to all souls of the world.

We are preparing, at this time, brothers and sisters, to listen to the Words of Christ, which are a part of the Mystery of God that, at this moment, will be unveiled to humanity.

At the request of Our Lord, Jesus Christ, we will listen to "Thus spoke the Master" and we will open our hearts to these revelations.

Today, in My hands, I bring a spiritual treasure that many still do not know. It is something more than your essence and your truth; something more than existence, more than your origin.

It is the first thing that manifested before the Celestial Father, when He thought this into existence, before the creation of the Universes and of all life on the surface of the Earth, such as the Kingdoms of Nature that you know of today, before all Creation was part of the Thought of God and He had the perfect and divine intention of manifesting His Kingdom within men and women.

It was when God, your Eternal Father, decided to unveil the mystery of His Trine Consciousness, presenting Himself to humanity throughout the recent times and by means of all the history that took place within this part of the Universe, as in others.

In this way, He mandated the Creator Fathers, the Archangels, to carry this great Divine Mystery within Their Hearts, which would be unveiled to the humanity of the Earth and in other places of the Universe, through the Word, the Sacred Word.

Thus, the Holy Spirit intervened at that moment, so that all the Virtues and the Gifts of God could remain recorded in the essence of His children, not only those who are here, in this humanity, but also in other spheres of the Universe.

For this event and this petition, God requested from His Archangels that they mobilize the whole Universe so that all, in the inner worlds, could feel the presence of His Truth and of His Divinity even in the smallest details, in the greatest feeling of union with God and with His Source.

And this Mystery came to the world. Hearts were able to recognize it when the great Angelic Consciousnesses presented themselves to humanity. The first Patriarchs and Prophets received the revelation of God through His living and resplendent Presence, not only through supraphysical movements, but through non-material Laws that humanity still has not fully discovered.

I need you to understand, companions, that this is an invisible mystery that shows itself to your inner eyes and your souls, because God needs a part of humanity to be able to represent Him in this time, knowing that a new civilization must awaken so that, through the Return of Christ, the Project of God that was thought of in the beginning and that still has not been accomplished because of the errors of humankind, may be established through each human essence that shines like a sun before the Universe. Essences that must be freed from darkness and oppression so that the presence of God may reign with the absolute and permanent conviction that, being in Him and in His Presence, nothing bad will happen, but rather luminous triumphs will be achieved.

Because the greatest testimony that you can give to God in this moment is the true transformation of your lives, your sacrifice and your surrender, knowing that what God aspires for is that the majority may be able to do something for humanity, for the planet, for the sustenance of the equilibrium of the axis of the Earth, for the seas, for the continents, and for all of Nature, which is in agony because of the perversion of humankind and the punishment of those who use their hands to destroy it.

I am the One Who, with His Blood, wrote the new time and the beginning of a new opportunity, the coming of a hope that, like a flame, will maintain the faith in hearts and a definite awakening to redemption.

If you, companions, had not offered all of this work today, this would not be possible, because God needs your consciousness to come to attain reality so that you may help take many out of illusion, those who are asleep and despair and continue to suffer because of their own errors and choices.

But I do not come to punish the world nor to threaten it. I come to tell you that the Fount of the Love of God can be revealed within you and will be the key to the portal of the path in order to overcome duality, the evil that was established in many hearts of the Earth through the action of My adversary. Love, companions, will help you to learn to obey, and obedience to the Divine Hierarchy and to the Presence of God will support you and strengthen you.

And everything that still waits in the Universe to be revealed to the consciousness of the world will come forward, because in the same way that you today responded to My call, in a sincere and true way, I will be here among you again, companions, as long as I can and am allowed, to always lead you to God and to tell you that suffering is an illusion that humankind of the surface has created, upon distancing itself from Love.

Thus, the Love of God itself is presented to the world so that it may within hear the call of God and may never again deny it, knowing that this is the time of last opportunities, in which everyone will be invited to cross the portals of the Cosmos to find again their true consciousness and their higher self, which patiently waits to fulfill the Will of the Father in this material Universe and on this planet; a higher self that hopes to accomplish its mission and its task, offering itself fully to God, without any need to suffer or endure, like the world does every day.

Today Argentina was freed from a very great evil because you, companions, allowed the Revelation of God to come, and as much as My words are abstract or not understandable, your essences and your souls understand what I am saying to you at this moment. Because in order to understand and know the Revelations of God, first you must love them, love them more than yourselves and everything that exists, and the Father will feel much pleased and happy for being able to show them to you.

And so the veils of the consciousness will fall away from your faces, and the past of the Universe and the history of humanity will be completely erased from your consciousnesses, and you will step upon the path that you lost before committing errors.

It is no longer the time of suffering; it is the time of healing, of Mercy, of forgiveness, of reconciliation and of the renewal of your consciousnesses. This will allow all the impulses to be mirrored and to be reflected in Argentina and in the whole world and that more souls may return to God and feel this deep communion that is born of the heart from the one that believes and has faith without having seen.

What I give to you from My hands, companions, is what God thought of for South America, and is called Creator Project of the highest dimensions of consciousness, where only happiness, unity and the Love of God exists; where the law of suffering is transcended because life is lived in the Law of Equality, Harmony and Love.

I want and I wish you to be able to live under these Laws so that your lives may continue to change and transform according to what the Father needs. But do not be afraid of your purification, because your purification will free you and will leave you more whole and available for the end of times.

And so I give My Graces and My Mercies to all beings, knowing that this time is unique and unrepeatable and that before I return to the world physically, I will withdraw, because I will have left all my instructions and teachings so that you may be ready for what will come. You must not be fearful about what still has not come; this has no meaning and has no solution.

Now is the time to be that which God needs in the small efforts, in the immediate surrender, in collaboration and in cooperation with the planet, with the Kingdoms of Nature, with your brothers and sisters on the path, with all those whom you have by your side daily. These are souls that also need love and forgiveness, and you can be My precursors in this infinite and invincible love that can fill your consciousnesses and everything that exists, no matter how much darkness there may be, no matter how much tribulation may prevail.

Love will not take you out of Me, for if you are in My Love, you will be in the Father, and I will be in you. This is only what I need in order to be able to prepare My Return to humanity, the Return that is coming and that can already be felt through the awakening of hearts.

As a sample of this immensity of Love and of Mercy, today I will grant a special Grace, because I know that it is a deserved Grace and reciprocated by the souls that are timidly willing to take steps toward Me. But believe that all take steps toward Me, as small as they may seem; they only need to be real, sincere steps, profound steps, because I do not need you to be perfect, as you know. Because if I had to save the world with perfect beings, the Project would not be accomplished, existence would be meaningless Creation would have no reason.

It is in love where you will achieve freedom and will heal your hearts and wounds, just like My Presence today heals wounds of the past of Argentina, of those who disappeared and the fallen in the Malvinas Islands and, especially in those who through terror and oppression, were not able to see God.

Today, through your prayers, through your persistence and your faith, Argentina is inwardly renewed, in spite of its outer chaos. I teach you to journey on the opposite path because My adversary does not know it nor can He identify it. It is with kindness, with love and with generosity

that you will transform the world and the human consciousness and, consequently, the nations.

Never raise your swords. Never raise your word. Never let your anger rise toward any brother or sister, because I assure you that you will regret it. Place the fire that is part of this nation in the Hands of God. Let everything be given to the Highest, just as the Highest gave it to you from the beginning, even in the smallest details of all this Universal Creation.

Love, not only your brothers and sisters, but also the Kingdoms of Nature. Open your senses and perceive that in the Kingdoms there is also the need for healing and for forgiveness, the pressing need to express love for the most innocent Kingdoms.

And, in this way, Argentina will gradually become something else, because My Presence here will not be lacking. My inclusion and Presence will always be here because I know you need it.

In the heights of the Sierras of Cordoba, during the month of September, your Lord will give a new impulse that will place Argentina in another state and on another level. The presence of the Hierarchy will become visible, not only in spirit, but also in the physical, because as you know, it is the time of awakening, it is the time of love and of forgiveness. Amen.

And now that your inner worlds are prepared to enter into My Celestial Church, I invite you to stand up for the celebration.

And we will call upon Karina, Sonia, Viviana, Ivonne and the mother of Mara to come here to the foot of the stage.

You, My daughters, are a group of souls that have much to do for Me; I have seen it, I have recognized it and, above all, I have felt it.

God and His paternal gaze are upon everything. For this reason, through this act of consecration, as My spiritual daughters and My spouses, I come to bring you the testimony of the Love of God through My Heart, for all those who are behind you seeking the path of the spirit and the truth. Amen.

"Celestial Father, may Your Altars descend to Earth. May the angels congregate the souls in Your Celestial Church so that the Fount of Your Love, of Your Healing and of Your Compassion, may descend into hearts. Amen"

"Father, through Your Will, You created the water so that all can feel, every day, the renewal and the rebirth of Your Spirit in the human essence, so that everything may be washed, purified and blessed by Your Spirit. Today, may souls be blessed by the Grace of Your Light. Amen."

The elements of consecration for the helpers.

"May the Light of Your Heart, Eternal Father, illuminate the consciousnesses so that, through the consecration of their life, they may always find Your Truth and especially the Fount of Your Love that will nurture them, renew them and free them from all evil. Amen."

At this moment, the sisters will make an offering to the Sacred Heart of Jesus, in the silence of their inner being.

Your name will be María Sofía.

Your name will be Caridad.

Your name will be María of Israel.

Your name will be Esperanza.

He wants to ask of you something for Africa, that you be called María of Kibeho, for Africa.

And now we will move on to the moment of the transubstantiation of the bread and the wine, and we ask those who can, to kneel in reverence and gratitude.

Only because of love, in that time, I took the bread. The Most Holy Trinity blessed it. I gave it to the apostles, saying to them: "Let all take and eat of It, for this is My Body that will be given for you for the forgiveness of sins."

And at the sound of the three bells, the bread changed into the living Body of Christ.

We praise You, Lord, and we bless You.

We praise You, Lord, and we bless You.

We praise You, Lord, and we bless You.

And still through an act of great Love and Mercy, I took the Chalice into My Hands. The Most Holy Trinity blessed it. I handed it to the apostles, saying to them: "Let all take and drink of It, for this is the Chalice of My Blood, the Blood of the New Covenant, which will be shed by your Redeemer and by many innocents for the forgiveness of sins. Remember to do this in memory of Me."

And at the sound of the three bells, the wine changed into the precious Blood of Christ.

We praise You, Lord, and we bless You.

We praise You, Lord, and we bless You.

We praise You, Lord, and we bless You.

Behold the testimony of the Love of God for all souls of the world. Happy will be those that avail themselves of this Most Holy Sacrament.

Prayer: Our Father.

And we establish the Peace of Christ in humanity, by listening to seven sounds of the bell.

May the Peace of God flood your hearts and Truth remain in your lives so that the Plan of God may be realized in all souls and His Kingdom be established in humanity. So be it.

May the Peace of My Heart be in you and in the whole world.

I give you Peace in the name of the Father, the Son and the Holy Spirit.

I thank you for having received Me, and in fraternity and for the whole world, you will give one another the greeting of peace.
