DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Contemplate the Kingdom of God within you and discover that the Father, with all His Power and infinite Light, dwells within you.

Let Christ reveal Himself, always alive at the center of your heart, so that you may realize, child, that you do not need to die in order to be in God, but rather to discover the true life, the revelation that God is within you.

The Christs of the New Time are those who seek the Truth within their own hearts and find it; they are the ones who know the Kingdom of God dwells within them as well as within their neighbors, and that the key of love and of humility is enough to open the doors that keep It in their hearts.

The Christs of the New Time do not seek the revelation of the Kingdom beyond the stars, looking toward the sky. The Christs of the New Time revere the stars and their mysteries; however, they know themselves as mirrors of the infinite Cosmos; they know that that which they seek so much is within them.

Thus, experience your search, child, from the inside out. Contemplate the Cosmos that exists within you; value the power of virtues and of love, and love to know that the Kingdom is within you. Be that living Kingdom to the world. Be a mirror that reveals to your neighbor that all that lives and breathes is part of God, dwelling of His Kingdom.

Your Father and Friend,

The Most Chaste Saint Joseph
