**DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED IN THE MARIAN CENTER OF AURORA, PAYSANDÚ, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

The joy of Jesus was in the inner and spiritual miracles that souls experienced when they came out of misery and went on to be in glory.

The joy of Jesus was also in the smallest, in the humble and in all those who, in absolute and total trust, would embrace the call of the Kingdom of God.

His Joy imprinted in His fellow people the true spirit to be able to live the Kingdom of God and be part of it.

Jesus reflected His Joy and also His gratitude for the Instruction that brought forth and manifested the sacred knowledge through the parables, which throughout His preaching, formed what we know as the Gospel.

Jesus was the Gospel itself made person and spirit. His Presence would grant souls the possibility of coming out of ignorance and experiencing the first steps of awakening.

The whole work of Joy of Jesus was based upon Love for God and His Divine Will.

That nonmaterial Love which Jesus expressed for His Eternal Father was visible by means of the momentum and strength of each word pronounced in the Gospel. And also, through the events that occurred in the healing of the sick, the leper, the blind and the paralytic; as well as in the conversion and redemption of the most hardened hearts.

It is evident that the physical events, of which Jesus was an intermediary instrument for souls to liberate themselves from their own ills, were not intended to generate fanaticism nor sensationalism.

The miracles occurred to try to awaken humanity from its profound and petty ignorance. They intended to elevate consciousnesses, from such an earthly state to a more spiritual state.

In this sense, miracles taught the true actuation of nonmaterial Laws that interceded, through Jesus, in serious and complex situations.

The fundamental message that the Messiah wanted to leave is that all material life is governed by a spiritual life, and that our foundations, actions and deeds committed start first from what is absolutely invisible and that we are led by the Source of Creation.

Jesus used all spiritual means so that, through His joy, warmth and Love, the simplest and least prepared consciousnesses would learn to find the true meaning of being in incarnate life and thus discover their personal mission.

The joy of Jesus, His smile and impersonal affection for each being could heal the most profound corner of any consciousness, where the most hidden wound existed.

Just by looking into the eyes of the miserable or the arrogant, Jesus changed their destiny and altered their evolution forever.

I thank you for imitating the joy of Jesus!

Who blesses you,

Your Master, Christ Jesus
